Sereno Watson - Esq. -

Dear Sir -

I am sorry your special day was not fixed for me to find you as I am so unfortunate at my first trial.

I have the specimens sent by Mr. Brigham about which I presume he has already written you -

As Mr. Brigham has just been appointed curator of the new museum in Honolulu, he wished me to get from you specimens and special names, and where obtainable, of kinds of paper:

- 1st - for genus covers
- 2nd - " species sheets
- 3rd . Salem Drizz -

As I cannot will be out again till too late for the steamer of the 18th for the islands, could you kindly mail the samples to me at 214 Beacon St. Boston.

And greatly oblige

Very truly yours

Wm. B. Clark.
